I'm the owner of the jackal, opossums, foxes, fisher, and porcupine. I really need to talk to Jeff or Lauren asap.

There are no animals here that belong to anyone else.

Carrie

Carrie

came down to work for him
I'm from New York
Please don't give me a hard time. I've been through hell and those animals are what have kept me going over the last few years

Joel is in prison and was never the owner of the park. And the owner of the park never authorized any contracts.
They are here safe

Carrie

can i speak to jeff/lauren

This is us

Carrie

Joe and I made this arrangement at least a year ago
this is jeff

Lauren

Carrie

do you mind if i speak to you on the phone?

Joel's word means nothing to us. He promised people a lot of things and never fulfilled them. The animals are here safe and being well taken care for

Carrie

will he fulfilled his promise to me.
the only one who helped me in the bad situation i was in.

Carrie

if i knew i was going to lose ownership of my animals i would have never sent them down there.
please call me 315.538.8316
please don't take my animals away.
I've heard nothing but good things about you.
Those animals mean the world to me

2 I'm sorry but these animals you claim to be yours aren't your animals anymore. They are on
3 our inventory. Whatever Joe promised you, I'm sorry it wasn't real. That's why he's in jail
4 because he's a liar and thief and more. Like I said they are in good hands and well taken care
5 of.

6 Carrie

7 wasn't joe a manager or soemthing there?
8 he seemed to have full access to anywhere on the zoo and have an authority poision

9 He was a mistake. And we made the mistake of trusting him thinking he cared about the
10 animals and he didn't.

11 Carrie

12 well, i feel betrayed too.
13 by not only joe but you i made an agreement with him and even gave him a promissory
14 note to pay back the transport fee
15 i checked in and asked about the animals. etc.

16 I'm sorry but we can't help you with that.
17 They are doing very well

18 Carrie

19 yes you can. You guys can buy any animals you want. I can't

20 The zookeepers are doing a great job taking care of them

21 Carrie

22 I'm sure they are.
23 That
24 That's not why i want them back.
25 In fact, i can keep them on exhibit at your new zoo if you would cooperate with me
26 can't you at least talk with me via phone for a few mintues?
27 i spent thousands getting those animals and they are an investment for my new business.
28 You guys have so many more ways of getting any animals you want. I cannot do that. If I
do'nt get these animals back, my dream is completely crusehd
not to mention my future way of earning a living.
